

Charity Quilt Top

Marne Chilstrom

Based on a community quilt designed by Sarah Nishiura, who generously shared this in her NSQG workshop. Marne will supply the precut foundations and the neutral to be used as the center string. You are invited to bring strings of blues and greens to share, **cut from 2" to 6 ½" wide and at least 6" long.**

As this project will be going on all day, you may drop in to do a block or more whenever you have time. If you happen to finish your class early, or don't have class time scheduled for part of the day, please join Marne in the main room. When all the blocks are done, the finished quilt will be completed to a twin size, so that it can be donated to Heartland Hospice.

NSQG members wishing to know more about making charity quilts may contact either Deb Szott or Marne Chilstrom for more information.

Supply List

BSS

Sewing machine

Scraps and strings in all sorts of blues and greens. ***These should be at least 6" long.***
