NSQG Students:

I'm so looking forward to coming to teach! I think we have a great diversity of projects offered!

There is no need to bring your sewing machine. We will be collaging all day! Please order your kits and pattern and any other supplies that you will need on my website. I ask that you do not do anything before you come to class. We will have plenty of time to get the projects done in class. If you want me to bring your order with me, I can do that. Please call the shop instead of ordering online to save the shipping. I will put all of the orders in a bag labeled with your name and bring them with me.

I will be bringing my trailer with additional stuff if you need anything extra! Please call the shop if you have any additional questions!
