

Workshop: Stitched Paper Collage

Presenter: David Owen Hastings

Paper collage meets quilting in this fun and adventurous online workshop.

SUPPLY LIST

- **Sewing machine**
- **Magazine or junk mail** to cut up
- **Base paper cut into 6" x 6" squares:** This can be anything from laser paper to something nicer. I like to use BFK Rives printmaking paper. You can also cut up a brown kraft paper bag to use as your base paper. Iron if wrinkly, but don't iron over the glued parts, as the glue will leak through and stain. Make 8 to 10 base squares.
- **Sewing thread:** any color, cotton, poly or rayon in 30, 40, or 50 weight
- **Drafting tape** or blue painter's tape
- **A small pad of Post-It's**
- **X-Acto knife** or box cutter
- **Scissors for paper**
- **Small scissors** for trimming threads
- **Metal edge ruler** or straight edge tool
- **Self-healing cutting mat** or cardboard to cut on

Optional:

- **Handmade paper, craft paper, watercolor paper:** any paper with color, texture or pattern that you like can be stitched into a paper collage, as long as it is not too heavy like cardstock

This is an all-level class. You should be comfortable using your sewing machine, and it should be in good working order. I look forward to sharing and sewing with you!
