

2022/2023 NSQG Miniature Quilt Guidelines

Thank you for participating in the miniature quilt donations for our 2023 Quilt Show “The Art of Hope”. This part of the show gives our attendees a chance to take home a small piece of what they’ve enjoyed during their visit.

Donation Requirements

- **Shape:** Your miniature quilt can be any shape you like. Square, rectangular, hexi, anything that works for your design is fine.
- **Size:** The perimeter (distance around) your miniature quilt can measure between 24” to 72”.
 - Many miniature quilt stands/hangers fit quilts that are 6”, 10” and 12” across the top, you may want to consider this when choosing your quilt design.
 - For a circle quilt you can measure the distance around your quilt.
- **Label:** Permanent labels are required on the reverse side of your quilt. The label should include your name, 2023 NSQG Quilt Show, and your signature with a permanent marker/pigma pen.
- **Batting and Binding:** Thin batting and single-fold binding generally work best.
- **Hanger:** A sleeve/split sleeve or rings are required.
- **Due Date:** All miniature quilts are requested by March 17, 2023 (March monthly meeting) in order to have time to sort, price and tag.
- **Quality Matters:** Our attendees are taking home a piece of our show. You can be a beginner or expert quilter, just pick something appropriate for your skill level and do your very best work.

Keep in Mind What Sells

Sold well in the past:	Less popular:
Modern colors and designs	Panels
Major holiday themes	Out of date colors
Applique/hand embellishments	Less popular holidays
Complex piecing/applique/quilting	Unusual themes
Children’s themes (animals, monsters)	

Ideas

Pinterest & Google: The place to be if you're looking for ideas or free mini patterns. Search a combination of miniature quilts, patterns, designs, free.

Orphan blocks: Make a miniature from orphan blocks or projects you’re not going to finish.

Workshops: A block you learned in a workshop may make a perfect miniature.

Learn new techniques: If you’re looking to learn a new technique, don’t wait for a big project-try it on a mini!
